### **EXAMINER'S COMMENT**

This action is responsive to applicants' amendment filed July 28, 2005. The arguments filed therein are deemed to be persuasive and therefore the rejection under 35 USC 102(e) set forth in the Office Action mailed January 24, 2005 has been withdrawn.

Claims 1-3 and 11-21 are pending in this application. Claims 4-10 have been cancelled.

### ***Drawings***

The drawings were received on July 2, 2004. These drawings are acceptable.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The closest prior art of record fail to teach or suggest each of the limitations recited claim 1, the only independent claim in this application.

US Patent 5,423,834 to Ahmed is substantially close to the claims, however, it fails suggest at least three sleeve members wherein the inner sleeve is mountable over an endoscope and a middle sleeve carrying a ligating band. Ahmed's inner sleeve is adapted to carry the ligating band. (See column 6, lines 11-18 and Figure 6).

US Patent 6,464,685 to Suzuki et al discloses the o-rings (ligating band) on the outer surface of the inner sleeve, (rather than the middle sleeve as recited in claim 1 of the present application); further the outer sleeve is not slidable relative to the middle sleeve.

US Patent 6,464,685 to Mears fail to suggest mounting a ligating band on the middle sleeve and having an outer sleeve slidable relative to the middle sleeve.

US Patent 5,569,268 to Hosoda fail to teach or suggest an outer sleeve movable relative to the middle sleeve and the endoscope E is secured to an endoscope support 2 that is mounted to the outer sleeve. Further, the outer sleeve is not slidable relative to the middle sleeve.

For these reasons, the claims are allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

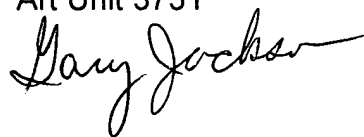

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary Jackson whose telephone number is (571) 272-4697. The examiner can normally be reached on Mon.-Thurs. 7:30 am to 6:00 p.m.
